## **Appendix A to Tariff Schedule of Canada (Tariff Rate Quotas)**

### **SECTION A – GENERAL PROVISIONS**

1. This Appendix sets out the tariff rate quotas (TRQs) that Canada shall apply to certain originating goods under this Agreement. In particular, originating goods of Parties to this Agreement included under this Appendix shall be subject to the rates of duty set out in this Appendix in lieu of the rates of duty specified in Chapters 1 through 97 of the Schedule to Canada's *Customs Tariff*. Notwithstanding any other provision of Canada's *Customs Tariff*, originating goods of Parties to this Agreement in the quantities described in this Appendix shall be permitted entry into the territory of Canada as provided in this Appendix. Furthermore, any quantity of originating goods imported from a Party to this Agreement under a TRQ provided for in this Appendix shall not be counted toward the in-quota quantity of any TRQ provided for such goods under Canada's WTO tariff schedule or any other trade agreement.

2. Canada shall administer all TRQs provided for in this Agreement and set out in section B of this Appendix according to the following provisions:

(a) Canada shall administer its TRQs through an import licensing system.

(b) Notwithstanding the definition of "year" provided in sub-paragraph 6(c) of the General Notes to Annex 2-D (Tariff Elimination), "quota year" in this appendix means the 12-month period over which a TRQ applies and is allocated. "Quota year one" has the meaning assigned to "year one" in sub-paragraph 6(a)(iv)1) of the General Notes to Annex 2-D (Tariff Elimination).

(c) Canada shall allocate its TRQs each quota year to eligible applicants. An eligible applicant means a resident of Canada, active in the applicable Canadian sector (i.e., the dairy, poultry, or egg sector, as appropriate), and that is compliant with *the Export and Import Permits Act* and its regulations. In assessing eligibility, Canada shall not discriminate against applicants who have not previously imported the product subject to a TRQ but who meet the residency, activity, and compliance criteria.

(d) Canada reserves the right to allocate any TRQ or portion of a TRQ through auctioning for no more than the first 7 quota years after entry into force of the Agreement for Canada.

(e) Canada reserves the right to allocate a portion of each TRQ, not to exceed 10% of the annual aggregate quantity, in priority for the importation of goods that are in scarce supply in the Canadian market. Scarce supply means a good which is deemed not available in Canada in sufficient supply to satisfy Canadian demand.

3. Canada's TRQs shall apply to originating goods of the TPP region.

4. For purposes of this Appendix, the term "metric tonnes" shall be abbreviated as "MT".

  - (c) Unless the Appendix Parties agree otherwise, the reasonable period of time shall be:
    - (i) 6 months from the presentation of the panel's final report to the Appendix Parties under Article BBB.17.1 (Final Report) as applied pursuant to paragraph 8; or
    - (ii) if elimination of the non-conformity or nullification or impairment requires amendment of laws or regulations adopted by the Diet of Japan or the Parliament of Canada, or the legislative body of local subdivision, 12 months from the presentation of the panel's final report.
11. (a) The responding Appendix Party shall, if so requested by the complaining Appendix Party, enter into negotiations with the complaining Appendix Party within 15 days of receipt of such request, with a view to developing mutually acceptable compensation, in circumstances where:
- (i) the responding Appendix Party has notified the complaining Appendix Party that it does not intend to eliminate the non-conformity or the nullification or impairment; or
  - (ii) following the expiry of the reasonable period of time set out in paragraph 10(c), there is disagreement between the Appendix Parties as to whether the responding Appendix Party has eliminated the non-conformity or the nullification or impairment.
- (b) A complaining Appendix Party may suspend the application to the responding Appendix Party of benefits in accordance with subparagraph (c) if the Appendix Parties have:
- (i) been unable to agree on compensation within 30 days after the period for developing such compensation has begun in accordance with subparagraph (a); or

- (ii) agreed on compensation but the complaining Appendix Party considers that the responding Appendix Party has failed to observe the terms of the agreement.
  - (c) A complaining Appendix Party may, at any time after the conditions set out in subparagraph (b) are met in relation to the complaining Appendix Party, provide written notice to the responding Appendix Party that it intends to suspend the application to the responding Appendix Party of benefits under paragraph 14 or 15. The notice shall specify the level of benefits that the complaining Appendix Party proposes to suspend. The complaining Appendix Party may suspend the application to the responding Appendix Party of benefits in accordance with paragraph 14 or 15 after the date on which it provides the notice.
  - (d) Compensation and the suspension of benefits shall be temporary measures. None of these measures is preferred to full implementation through elimination of the non-conformity or the nullification or impairment. Compensation and suspension of benefits shall only be applied until such time as the responding Appendix Party has eliminated the non-conformity or the nullification or impairment, or a mutually satisfactory solution is reached.
12. Unless the Appendix Parties agree otherwise, if in its final report the panel determines that the non-conformity or the nullification or impairment that the panel has determined to exist under paragraph 10(a)(i) has not materially affected the sale, offering for sale, purchase, transportation, distribution or use of originating motor vehicles from the complaining Appendix Party, the procedures provided for in Articles BBB.18.3 through 18.7, BBB.19 (Non-Implementation-Compensation and Suspension of Benefits) and BBB.20 (Compliance Review) shall apply, *mutatis mutandis*.
13. (a) If the responding Appendix Party considers that:
- (i) the level of benefits proposed to be suspended under paragraph 15 is manifestly excessive; or
  - (ii) it has eliminated the non-conformity or the nullification or impairment that the panel has determined to exist,
- it may, within 30 days after the complaining Appendix Party provides notice under paragraph 11(c), request that the panel be reconvened to consider the matter. The responding Appendix Party shall deliver its request in writing to the complaining Appendix Party. The panel shall reconvene as soon as possible after delivery of the request and shall present its determination to the Appendix Parties within 90 days after delivery of the request.
- (b) If the panel determines that the level of benefits proposed to be suspended under paragraph 15 is manifestly excessive, it shall determine the level of

benefits that the complaining Appendix Party may suspend. The panel shall determine:

- (i) the level of benefits of equivalent effect, as set out in Article BBB. 19.5; and
- (ii) if the prevailing most-favoured-nation applied rate of customs duty of the complaining Appendix Party on motor vehicles classified under heading 87.03 is zero, the level of benefits equivalent to the effect of application by the responding Appendix Party of its prevailing most-favoured-nation applied rate of customs duty on motor vehicles classified under heading 87.03.

14. Unless the panel has determined that the responding Appendix Party has eliminated the non-conformity or the nullification or impairment, 30 days after the later of the date on which:

- (a) the complaining Appendix Party provides the notice under paragraph 11(c); or
- (b) if the responding Appendix Party requests that the panel be reconvened to consider the matter under paragraph 13(a)(ii), the panel issues its determination under paragraph 13,

the complaining Appendix Party may increase the rate of customs duty on originating motor vehicles from the responding Appendix Party classified under heading 87.03 to a level not to exceed the prevailing most-favoured-nation applied rate of customs duty on motor vehicles, for a period of up to 100 days following the 30-day period.

15. Unless the panel has determined that the responding Appendix Party has eliminated the non-conformity or the nullification or impairment:

- (a) if the panel determines the level of benefits under paragraph 13(b), 30 days after the later of the date on which the complaining Appendix Party provides the notice under paragraph 11(c) or the panel issues its determination under paragraph 13, the complaining Appendix Party may,
  - (i) increase the rate of customs duty on originating motor vehicles from the responding Appendix Party classified under heading 87.03 up to the level the panel has determined under paragraph 13(b)(i); or
  - (ii) if the prevailing most-favoured-nation applied rate of customs duty of the complaining Appendix Party on motor vehicles under heading 87.03 is zero, suspend the application to the responding Appendix Party of benefits with respect to originating goods from the responding Appendix Party:
    - (A) up to the level the panel has determined under paragraph 13(b)(i); and,

- (B) up to the level the panel has determined under paragraph 13(b)(ii) for a period of up to 100 days following the 30-day period

and,

- (b) if the responding Appendix Party does not request that the panel be reconvened to consider the matter under paragraph 13(a)(i) or the panel has not determined the level under paragraph 13(b), after the 30-day period, the complaining Appendix Party may suspend the application to the responding Appendix Party of benefits up to the level the complaining Appendix Party has proposed to suspend under paragraph 11(c),

provided that the increased rate of customs duty applied to any goods under this paragraph shall not exceed the prevailing most-favoured-nation applied rate of customs duty on such goods.

- 16 As long as the complaining Appendix Party is applying the increased rate of customs duty under paragraph 14, it shall not suspend the application to the responding Party of benefits under this paragraph.
- 17. Unless the Appendix Parties agree otherwise, Article BBB.20 (Compliance Review) shall apply, *mutatis mutandis*<sup>7</sup>, to compliance review.
- 18. If a final report is presented after the 10-year period beginning on the date of entry into force of this Agreement, the procedures provided for in Articles BBB.18.3 through 18.7, BBB.19 (Non-Implementation-Compensation and Suspension of Benefits) and BBB.20 (Compliance Review) shall apply, *mutatis mutandis*, in lieu of the procedures provided for in paragraphs 10 through 17.

## **Article 5<sup>8</sup>**

- 1. The Appendix Parties hereby establish a special bilateral Committee on Motor Vehicles (hereinafter referred to as the “Committee”), comprising the representatives of the relevant authorities of each Appendix Party. The Committee shall:
  - (a) monitor implementation of the obligations of this Agreement with respect to motor vehicles;
  - (b) consult to resolve issues affecting trade and investment between the Appendix Parties that an Appendix Party raises with respect to the development and implementation of measures relating to motor vehicles and motor vehicle parts;

---

<sup>7</sup> For the purposes of this paragraph, the references to “Article 19 (Non-Implementation-Compensation and Suspension of Benefits)” in Article BBB.20 shall be deemed to read “paragraphs 11 and 13 through 16”.

<sup>8</sup> No Appendix Party shall have recourse to dispute settlement under Chapter BBB (Dispute Settlement) or Article 4 for any matter arising under this Article.

- (c) facilitate increased cooperation with respect to emerging issues, including the manufacture, importation, sale and operation of motor vehicles using alternative fuels, and cooperation between the Appendix Parties with respect to issues concerning other markets;
  - (d) monitor bilateral, regional and global market developments and trends in trade, investment, production, sales and distribution with respect to motor vehicles and motor vehicle parts;
  - (e) provide opportunities for input from interested persons of the Appendix Parties on matters relevant to the Committee's work, as the Appendix Parties may agree; and
  - (f) address other issues, if the Appendix Parties agree.
2. The Committee shall meet at mutually agreed times. Meetings shall take place in such locations and through such means as the Appendix Parties decide.

1. This Appendix sets out:
  - (a) the originating goods that may be subject to agricultural safeguard measures under paragraph 5 of Notes for Schedule of Japan;
  - (b) the trigger levels for applying such measures; and
  - (c) the maximum rate of customs duty that may be applied in each year for each such good.
2. Notwithstanding Article 2.4 (Elimination of Customs Duties), Japan may apply a safeguard measure on specific originating agricultural goods marked in the Schedule of Japan to Annex 2-D (Tariff Elimination Schedule) with the indications of “SG1\*”, “SG1\*\*”, “SG2”, “SG3”, “SG4\*”, “SG4\*\*”, “SG5” or “SG6”. Japan may apply such a safeguard measure only under the conditions set out in this Appendix to the Schedule of Japan (Agricultural Safeguard Measures) and only in accordance with the terms set out in this Appendix, including these Notes.
3. If the conditions specified in this Appendix have been satisfied, Japan may, as an agricultural safeguard measure, increase the rate of customs duty on such an originating agricultural good to a level not to exceed the lesser of:

Japan shall, on the written request of any such other Party, respond to specific questions from, and provide information to, that other Party, including by e-mail, teleconference, video-conference and in-person, regarding application of the measure.

5. For the purposes of this Appendix, an originating good is from the Party if the originating good is wholly obtained in that Party or if the last change of tariff heading took place in that Party.

6. For greater certainty, no agricultural safeguard measure may be applied or maintained on or after the date on which the rate of customs duty referred to in paragraph 3 (c) of the [Notes for Appendix B-1] to the Schedule of Japan is zero.

For the purposes of determining the numerator specified in the previous sentence and for the purposes of determining the applicable trigger level in accordance with the previous sentence, any fraction of less than 1.0 shall be rounded to the nearest whole number (in the case of 0.5, the fraction is rounded to 1.0).
